

Lake George Gun Club Annual Report to RNBRA

October 29, 2017

Club officers are:

President- Lorraine Chapman

Vice-president- Hilson Kierstead

Treasurer- Laura McGuire

Secretary- Don Clowater

Chief Range Officer- Ed Chapman

Membership stands at 225 with a waiting list. We have run a full slate of activities this year. Under our Junior Shooting Program, time has been set aside for 11 to 16 year old graduates of the Firearms Safety Course to have a range experience with live fire. There is no provision within the present federal firearms course for an individual to experience live firing. This is a concern to instructors especially considering the age of the students.

We have just recently had a Mature Members Day at the range. Mature members are those who have reached the age of 70. There was food and fellowship along with recreational shooting and sight in. There were thirty-one in attendance.

An Affiliation Agreement continues with the Odell Collectors and Shooters Fraternity giving the fraternity a range. Some of our shoots are open to members of other clubs. Our schedule and other club information can be found at lg-gc.ca.

Ed Chapman
Club Representative
